Instructions

Introduction:	The PADI FOUNDATION encourages and supports research and education related to aquatic environments. The Foundation will fund and assist worthwhile projects that either: - Enrich mankind's understanding of aquatic environments and encourage sensitivity to and protection of ecosystems. - Increase understanding of sport diving physics and physiology that will benefit the general diving public and add to the scientific understanding of man's relationship and ability to survive in the underwater environment. - Improve understanding of, and response to, hazards to humans and ecosystems related to climate change in coastal and ocean environments. The PADI Foundation is an IRC Section 501 (c)(3) non-profit, tax exempt organization. It is a separate and distinct organization, corporately unrelated to PADI, Inc. and its affiliates. Since 1992, the Foundation has awarded $ 5.93 million to 1,389 projects. In 2024, there were over 400 grant applications of which 40 received funding in the aggregate amount of $ 202,868. The Foundation will consider proposals with budgets up to $12,000, except diving physiology proposals related to diver safety are exempt from this limit. The Foundation will generally not fund overhead and other indirect expenses, salaries, dive training, and standard diving equipment. The 2025 grant cycle opens on November 1, 2024 and closes on January 15, 2025 PST.

Proposal

Projects should be one year in duration unless there is a compelling reason for more than one year's funding.

In evaluating proposals the foundation will mainly focus its review upon the stated goals, the plan to accomplish them, the suitability of the budget, and the qualifications of the applicant.

Background

Importance of the Proposal*: **(Max. Characters: 1000)**	Please provide a 1,000-character (or less) summary of what you want to accomplish and the importance of the proposal.
Title*: **(Max. Characters: 300)**	Please enter a title that gives us a clear idea of what you want to do.
Proposal*: **(Max. Characters: 5000)**	
Proposal Topic 2:	Please select a second program topic area, if applicable, that also describes your project.
Proposal Topic 3:	Please select a third program topic area, if applicable, that also describes your project.
Amount Requested*: **(Max. Characters: 10)**	
Permission*:	Do you give permission for the PADIF to post a synopsis of the project scope and the subsequent received report of funded project?

Budget and Institutional Support

This is where you will enter your proposal budget information and describe your professional affiliation and position. The foundation often awards partial funding of requests.

Questions

Budget Request*: **(Max. Characters: 2500)**	Give us a clear understanding of your budget needs that itemizes and defends the expenses you anticipate.
Other Support *: **(Max. Characters: 500)**	Please describe all existing or pending support for your project including direct dollar amounts and in-kind support.
Your Institution*: **(Max. Characters: 100)**	
Institutional Support*: **(Max. Characters: 500)**	Provide a summary of the institutional support available to you.
History with PADIF*: **(Max. Characters: 500)**	Please list the years of any previous proposals submitted to PADIF and their funding outcomes.
Advisor: **(Max. Characters: 500)**	Provide the name of your advisor and consultants (if appropriate)
Taxonomist*: **(Max. Characters: 500)**	For taxonomic proposals, provide the name(s) of the professional taxonomist mentoring your research.

Program Documents and/or Media

The PADI foundation does not require any program documents, videos or images. However, you may upload documents, or enter a URL link, if desired and you think it is critical to your application. If you have published work or other supplemental documents you want to submit with your application, this is the place to add it.
